

Inovo® Collection

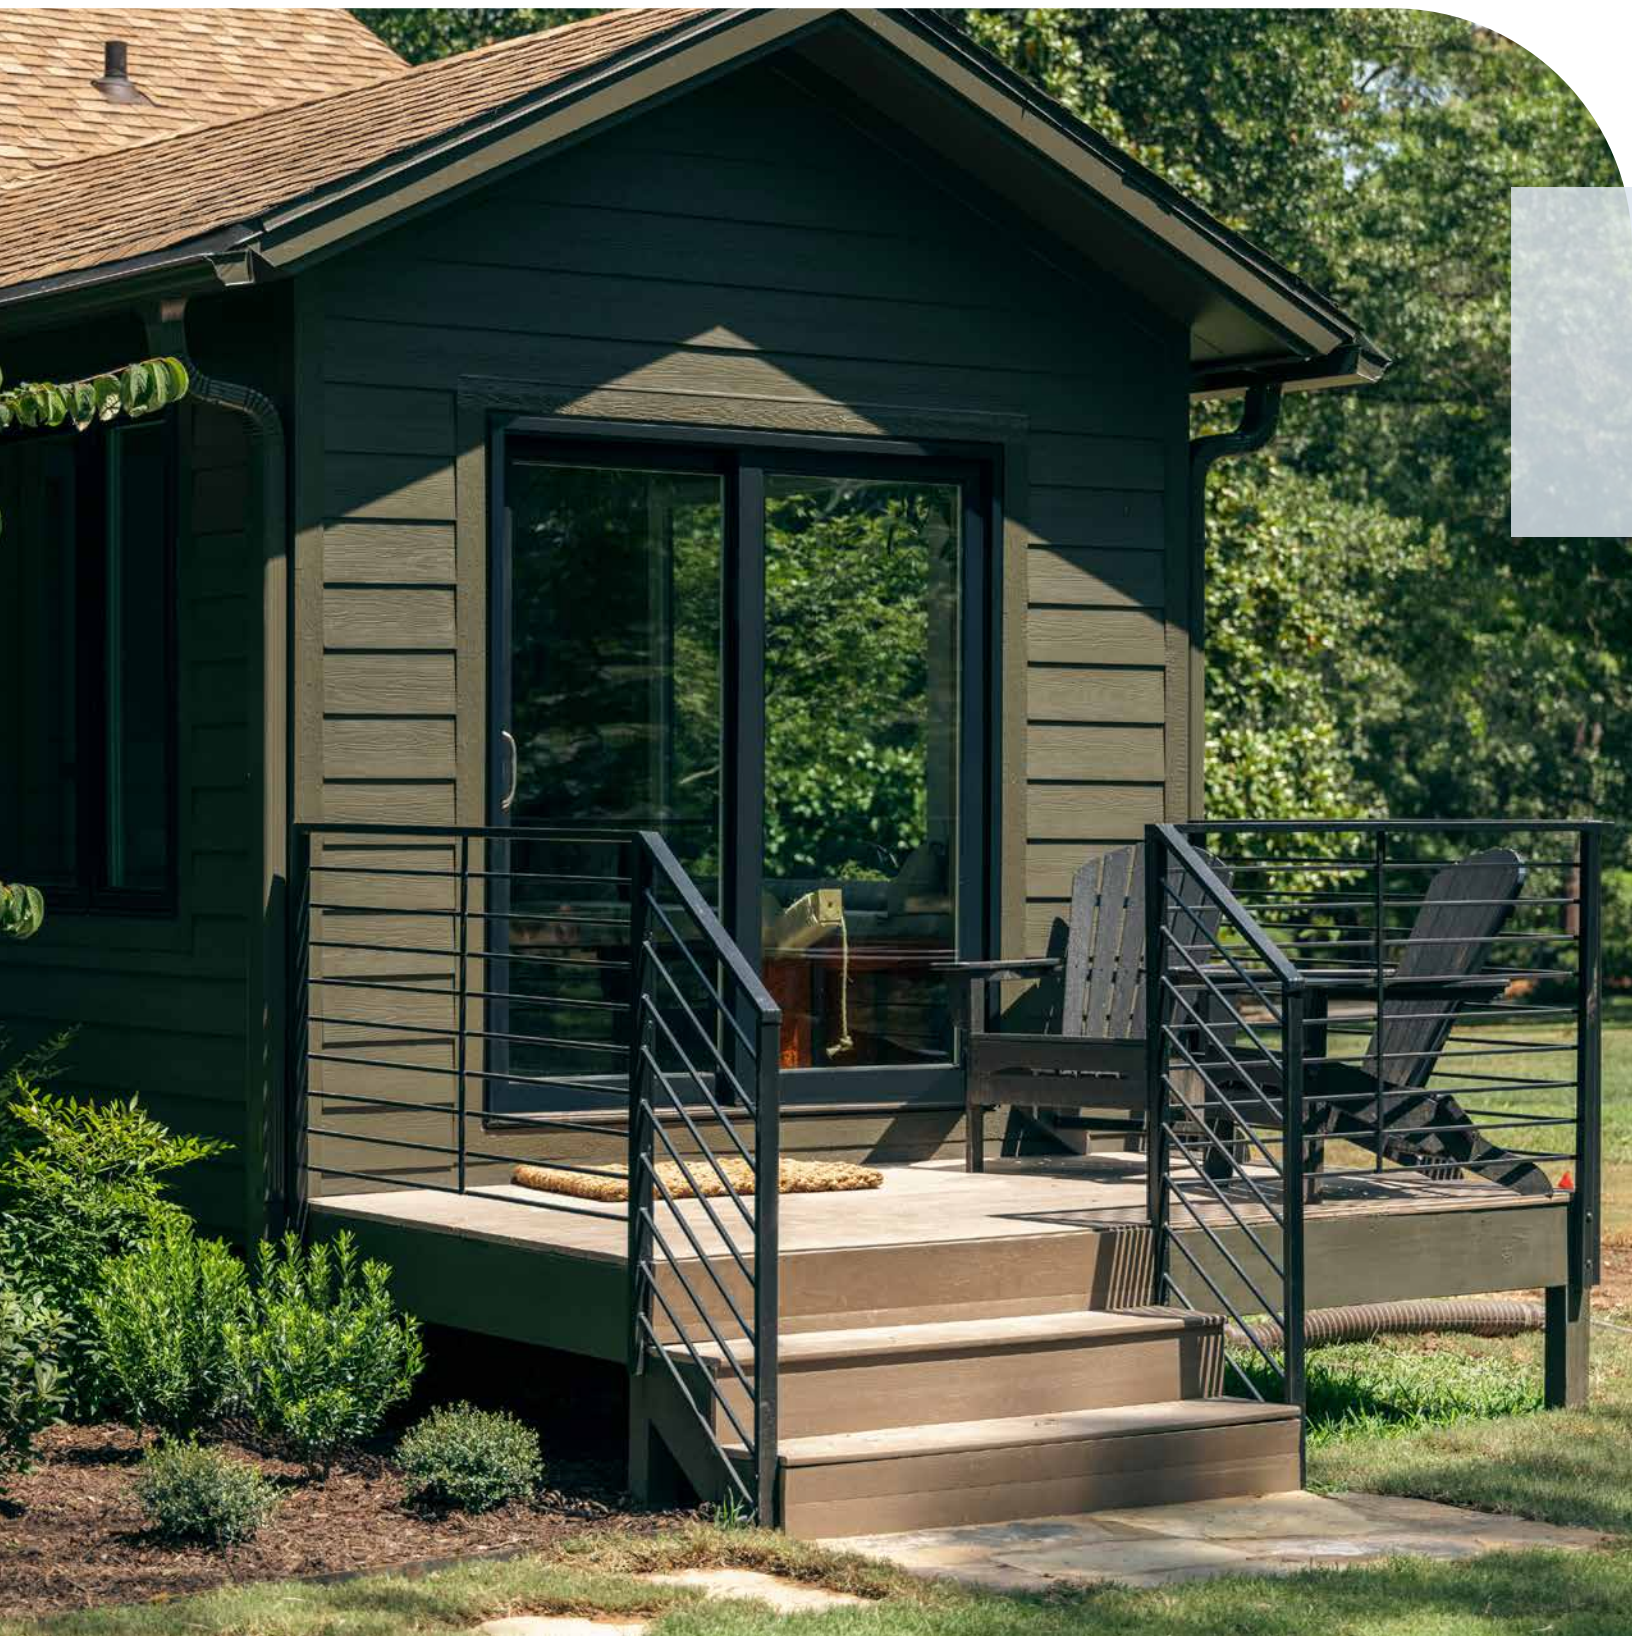

PREMIUM VINYL SLIDING PATIO DOORS

INSPIRATION GUIDE

Impressive Inside & Out™

Exceptional Quality & Performance.

Distinguished by its intentional features that meet the needs and desires of homeowners, the Inovo® Patio Door design is durable, weather-resistant and provides convenient functionality. From smooth gliding panels to custom aesthetics, the Simonton® Inovo Patio Door is manufactured to the highest possible industry standards and rigorously tested to earn AAMA Gold Label Certification.

At Simonton, we strive to exceed your expectations. Our Inovo patio doors are designed to enhance your life while beautifully connecting your home and outdoor living spaces.

IMPACTFUL STYLE
Brighten and beautify your home—inside and out. Explore a wide range of colors, configurations and finishes to complement any architectural or interior design style.

SUPERIOR SAFETY & SECURITY
The safety of your home and your family is our highest priority. Inovo Patio Doors have been rigorously tested to ensure superior protection from wind, rain and forced entry.

PREMIUM VINYL
Simonton vinyl is crafted with pride in the USA using high-quality raw materials for exceptional durability, thermal efficiency, and resistance to weather, insects and decay.

LIFETIME LIMITED WARRANTY
We stand behind the quality and craftsmanship of our Inovo Patio Door and proudly offer a comprehensive warranty covering our vinyl, hardware and glass units to ensure your total peace of mind. Learn more at simonton.com/warranty.

EXCEPTIONAL QUALITY
Inovo Patio Doors feature fusion-welded construction with multi-chambered frames to provide weathertight protection from the elements that will last for generations to come.

ENERGY EFFICIENCY
Energy saving by design, the Inovo Patio Door can be customized to meet ENERGY STAR® requirements in any region, offering superior thermal performance to maximize the interior comfort of your home.

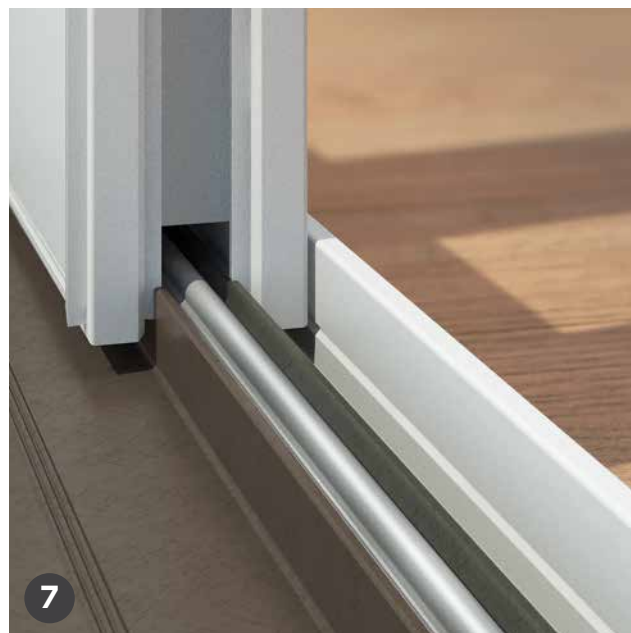

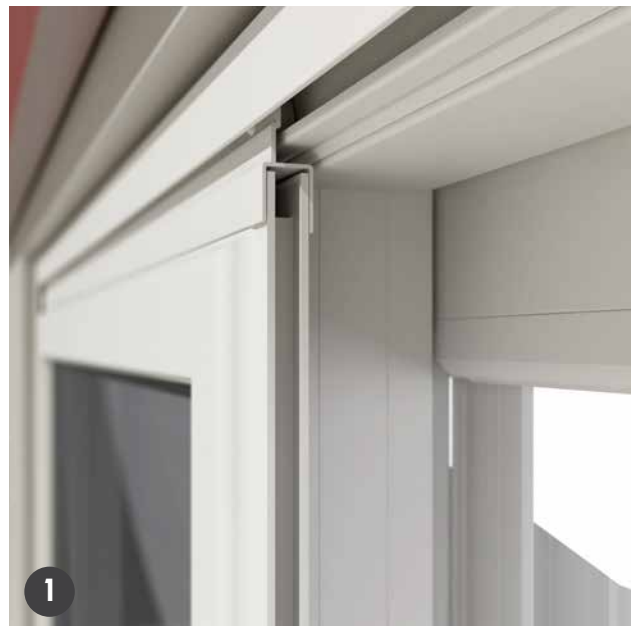

AAMA GOLD CERTIFICATION
Inovo Patio Doors have earned the AAMA Gold Label, signifying best-in-class durability, weather resistance and energy efficiency. Learn more at simonton.com/aama-gold.

TRUSTED EXPERTISE
Simonton is proud to be part of Cornerstone Building Brands, the #1 manufacturer of windows in North America. We continue to deliver on a reputation of innovation and authenticity built over 75 years in the industry.

SIMONTON INOVO® COLLECTION SLIDING PATIO DOOR

1. TOP HUNG SCREEN

Exceptional top-hung screen system has a sturdy, 3-inch thick frame that glides smoothly across an unobstructed track.

2. BUILT FOR LONGEVITY

Fusion-welded frame and door panels increase strength, durability and weather resistance.

3. WEATHER RESISTANCE

The integral interlock runs the entire length of the door panel and ensures a tight seal against air infiltration.

4. EFFICIENT INSULATION

Multi-chambered profiles in the frame and panel increase insulation while the vinyl is virtually maintenance-free.

5. SUPERIOR SAFETY & SECURITY

A multi-point locking system and external keyed lock tightly secure the door panel.

6. STRONG & QUIET

Durable double- or triple-strength tempered glass increases safety and reduces unwanted sound.*

7. SMOOTH OPERATION

An elevated monorail track system provides a smooth, rattle-free glide that will endure a lifetime of everyday use and helps eliminate air and water infiltration.

8. PROTECTIVE WATER BARRIER

Welded sloped sill quickly moves water away from your home and features a durable fiberglass sill overlay in a blended neutral color that helps mask dirt.

*Glass strength based on Patio Door size and rating.

Superior Design. Exceptional Performance.

2-PANEL PATIO DOOR
Maple woodgrain interior finish with a Dark Bronze standard handle.

Steps to Select Your Perfect Patio Door

Understanding your home's architectural identity and functional needs is key to choosing the perfect patio door. Every detail—the size of the door, security features, color, handle finish and grilles—is an opportunity to complement and enhance the interior and exterior design elements that make your home uniquely your own.

01

EXPLORE PATIO DOOR STYLES & OPTIONS

Choose your patio door configuration along with options to enhance performance and security.

02

LEARN ABOUT YOUR GLASS OPTIONS

Glass impacts your interior comfort and energy costs, as well as security, acoustics, privacy and more.

03

SELECT YOUR DESIGN OPTIONS

Explore a wide range of interior and exterior colors, woodgrain laminates and hardware options.

04

CHOOSE YOUR GRILLE PROFILE AND PATTERN

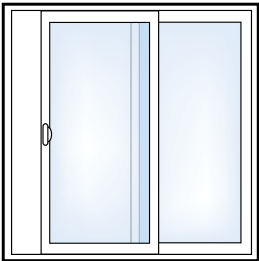

Traditional or contemporary, the right grille profile and pattern can enhance the authenticity & aesthetic of your home.

01

Explore Patio Door Styles & Options

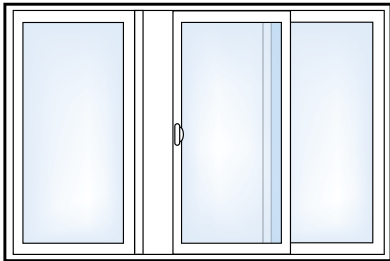

Inovo® Patio Doors extend your interior living spaces to the outdoors with unobstructed views and easy access to your patio, deck or backyard. When configuring your Inovo Sliding Patio Door, you need to consider the size of your door, the number of door panels, and the direction the panel glides. Effective options can be selected to enhance privacy, security and screen function.

PANEL CONFIGURATIONS

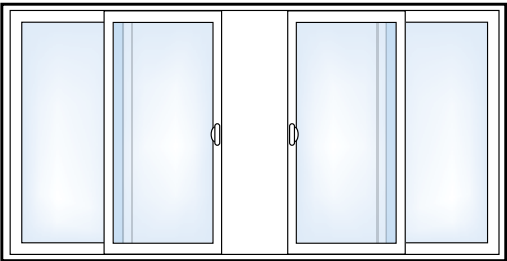

2-PANEL

Either the left or right panel can open.

3-PANEL

Active center panel can open left or right.

4-PANEL

Both center panels are active.

Safety & Security.

The Inovo Patio Door has a standard multi-point lock system that utilizes two points of lock engagement for durable security. Additional options enhance safety and security.

BLINDS BETWEEN GLASS

Blinds sealed between the door's glass panels offer a maintenance-free option to control the amount of light you let in with less worry about damaging the blinds over time. Blinds can be tilted, raised and lowered for maximum control.

TOP-HUNG SCREEN OPTIONS

Our innovative Inovo top-hung screen features fiberglass mesh and offers various screen mesh options to meet your needs.

HIGH-DURABILITY SCREEN

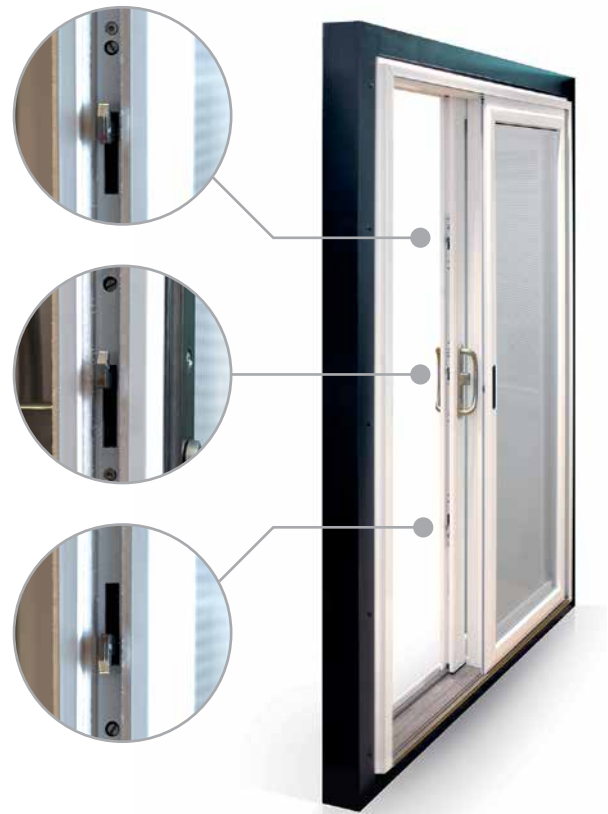

Sturdy screen mesh delivers greater durability, perfect for homes with children and pets.

HIGH-VISIBILITY SCREEN

Narrow screen mesh creates a lower-profile look for an enhanced view.

ALUMINUM SCREEN

Corrosion-resistant, durable wire mesh offers extra durability and resistance against insects.

TRIPLE-POINT LOCKING SYSTEM

The triple-point locking system secures the sliding panel at three locations for optimized strength and security.

SHOOTBOLT

Shootbolt lever engages a bolt into the door head for added security. Includes venting feature to allow fresh air in while latched.

FOOTBOLT

Footbolt attaches to the bottom of the sliding panel and frame for greater security. Includes venting feature for safer ventilation while latched.

02

Learn About Your Glass Options

Simonton Inovo® Patio Doors feature an energy-efficient, double-strength*, tempered 1" insulating glass unit that can be customized with region-specific ProSolar Low-E glass options, ensuring optimal thermal performance and comfort wherever you live in the country. Specialty glass options are offered to enhance security, acoustics, storm protection, privacy and UV fade resistance.

4-PANEL PATIO DOOR
Tan vinyl with premium door handle.

3-PANEL PATIO DOOR
White vinyl with blinds between glass.

PROSOLAR LOW-E GLASS

IDEAL FOR AVERAGE CLIMATES
Year-Round Comfort & Efficiency

IDEAL FOR WARM CLIMATES
Superior Solar Control & Aids Cooling

IDEAL FOR COOLER CLIMATES
Uses Sun's Warmth & Aids Heating

INTERIOR SURFACE LOW-E
Added for Warmth & Superior Insulation

GAS FILL

- ✓ Standard **Argon gas** (six times denser than air) is sealed between the glass panes to increase insulation and reduce energy loss.
- + Upgrade to **Krypton gas** (twelve times denser than air) for maximum thermal efficiency.

SPACER SYSTEMS

- Glass panes are separated by a spacer system that helps seal in functional gases and create an airtight seal.
- ✓ The standard **Supercept™** utilizes a stainless steel alloy that offers increased durability and thermal efficiency.
- + The non-metallic foam **Super Spacer®** is non-conductive and virtually eliminates temperature transfer.

TRIPLE-PANE GLASS

- Three panes of double-strength glass create two separate air spaces for optimal thermal performance and interior comfort.

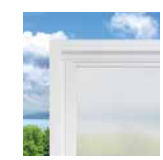

SOUND & SECURITY GLASS

Laminated glass consists of a durable interlayer sealed between two layers of glass that withstands forced entry, significantly reduces unwanted sound and deflects up to 99% of damaging ultraviolet (UV) rays that cause interior fading.

COASTAL IMPACT PROTECTION

SafePoint® impact-resistant laminated glass delivers 24/7 impact protection against strong winds and flying debris and meets Missile C level certification for homes in inland coastal areas.

OBSCURED GLASS

Obscured glass has a textured pattern to maximize privacy while still allowing ample natural light into your home.

TINTED GLASS

Bronze or gray tinted glass helps control solar heat gain and reduce glare and visibility into your home.

ENERGY STAR®

Simonton offers optional region-specific ENERGY STAR glass packages designed to deliver optimal energy performance and comfort in any climate.

04

Select Your Grille Pattern and Profile

GRILLE PATTERNS

Simonton grille profiles and patterns enhance curb appeal and elevate the overall design of your patio doors. From traditional to contemporary to craftsman home styles, we provide architecturally authentic selections to match any aesthetic. Grille patterns can also be customized to complement any home.

COLONIAL

Iconic style of Colonial, Cape Cod, Farmhouse or Victorian homes in multiple lite patterns.

PERIMETER

For an open view, these patterns border the patio door in Prairie, Farmhouse and contemporary homes.

DOUBLE PERIMETER

PRAIRIE

These patterns frame each individual door panel for Prairie, Craftsman, and modern designs.

DOUBLE PRAIRIE

DIAMOND*

Ideal for Victorian and Tudor-style homes or your cottage home design.

CUSTOM PATTERN**

Custom grille patterns enhance your home's design and add architectural interest.

NO GRILLE PATTERN

Provides an unobstructed view and works well with all home styles.

2-PANEL PATIO DOOR
White vinyl with color-matched 3/4" contoured grilles and a Brushed Nickel standard handle.

GRILLE PROFILES

Grilles are available in various profiles and dimensions and are color-matched to the door's interior and exterior color.*** Easy-care grilles are located between the panes of glass and never require dusting or cleaning.

5/8" Flat

3/4" Contoured

1" Contoured

3/4" Contoured

* Diamond pattern only available with flat grilles.

** Custom patterns need to be confirmed with a Simonton representative.

*** Two-tone exterior color/woodgrain and brass grilles are only available with a 3/4" Contoured grille profile.
