Superior Performance. Lasting Appeal.

Simonton® Sliding Patio Doors seamlessly connect your indoor and outdoor living spaces with expansive glass and smooth glide operation. Our Contemporary and French Sliding Patio Door Collections are precisely manufactured to earn the AAMA Gold Label, signifying best-in-class durability, weather resistance, and energy efficiency.

IMPACTFUL STYLE

Brighten and beautify your home—inside and out. Explore a wide range of colors, configurations and finishes to complement your indoor and outdoor living spaces.

AAMA GOLD LABEL CERTIFIED

Simonton patio doors have earned the AAMA Gold Label, signifying best-in-class durability, weather resistance and energy efficiency. Learn more at simonton.com/aama-gold

EXCEPTIONAL QUALITY

Simonton sliding patio doors feature fusion-welded construction with multi-chambered frames, providing strength and weathertight protection from the elements that will perform for years.

LIFETIME LIMITED WARRANTY

We stand behind the quality and craftsmanship of our windows and proudly offer a comprehensive warranty covering our vinyl, hardware and glass units for your total peace of mind.

PREMIUM VINYL

Simonton vinyl is crafted with pride in the USA using high-quality raw materials for exceptional durability, thermal efficiency, and resistance to weather, insects, and decay.

TRUSTED EXPERTISE

Simonton is proud to be part of Cornerstone Building Brands, the #1 manufacturer of windows in North America. We continue to deliver on a reputation of innovation and authenticity built over 75 years in the industry.

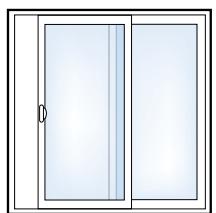

ENERGY STAR®

Simonton patio doors can be customized to meet ENERGY STAR criteria for any climate, ensuring outstanding energy performance and interior comfort.

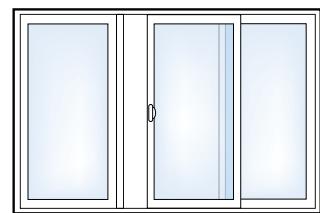

PANEL CONFIGURATIONS

Patio doors are custom-sized for your home in 2-, 3- and 4-panel configurations. Transoms and sidelites are available to expand the door for more natural light.

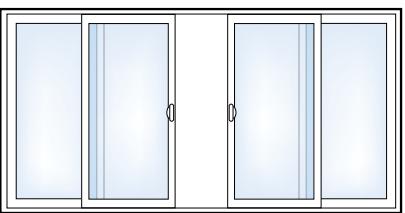

2-PANEL

Either the left or right panel can open.

3-PANEL

Active center panel can open left or right.

4-PANEL

Both center panels are active.

Contemporary Patio Door

The Contemporary Patio Door offers a streamlined profile that maximizes views and natural light. The broad expanse of glass and narrow-framed design provide expansive sightlines, resulting in a larger viewable area and increased natural light.

SMOOTH OPERATION

Door panels glide open with ease on wide-set corrosion-resistant rollers and sill. Available stainless-steel rollers offer increased durability.

WEATHER RESISTANT

A fully integrated interlock and fin seal weatherstripping creates a tight barrier against air and water infiltration.

DURABLE GLASS

For added peace of mind, double-strength, tempered glass increases safety and minimizes noise.

ADDED SECURITY

The multi-point locking system secures the door with an easy-to-use lever.

PREMIUM LAMINATE

Bold black and bronze laminate finishes are available for both the interior and exterior.

FLEXIBLE INSTALLATION

Available frame options deliver precise installation for either replacement or new home applications.

CONFIGURATIONS

Select a 2-, 3- or 4-lite panel configuration to suit your home with available sidelites and transoms.

SMARTCORE™ FOAM INSULATION

Optional SmartCore is a high-performance, solid polyurethane foam integrated into the door's frame and panel profiles to enhance thermal efficiency and comfort. This additional insulation results in a low U-Factor rating, meeting ENERGY STAR requirements for Southern and South-Central climate zones.

2-PANEL FRENCH SLIDING PATIO DOOR
White vinyl with color-matched white hardware

French Sliding Patio Door

Featuring a broader traditional profile, the classic appearance of the French Sliding Patio Door provides the elegant look of a hinged door with the space-saving operation of a sliding patio door.

EASY OPENING

Smooth, easy-glide panels feature wide-set, corrosion-resistant rollers and a sill. Available stainless-steel rollers offer increased durability.

WEATHER PROOF

The full interlock tightly closes around the fin seal weatherstripping, creating a barrier against wind and rain.

STRONG GLASS

Durable double-strength, tempered glass increases safety and helps reduce unwanted sound.

SAFE & SECURE

Multi-point locking system secures the door with one simple action.

VERSATILE INSTALLATION

Choose from frame options designed for accurate installation for both replacement and new construction applications.

CONFIGURATIONS

Select a 2-, 3- or 4-lite panel configuration with available sidelites and transoms to suit your home.

Energy Savings. Interior Comfort.

Simonton Contemporary and French Rail Patio Doors provide excellent energy performance to help reduce your heating and cooling costs and provide seasonal interior comfort. Additional glass options are available to enhance security, acoustics, privacy and fade protection.

PROSOLAR® LOW-E GLASS

Our selection of ProSolar® Low-E glass options offers specialized performance for diverse climates and seasonal variations. Select the ideal glass for your home to help reduce heating and cooling costs, block damaging ultraviolet rays and provide year-round comfort.

IDEAL FOR COOLER CLIMATES

Uses Sun's Warmth & Aids Heating

IDEAL FOR WARMEST CLIMATES

Exceptional Solar Control & Insulation

GAS FILL

✓ Standard Argon gas (six times denser than air) is sealed between the glass panes to increase insulation and reduce energy loss.

SPACER SYSTEMS

Glass panes are separated by a spacer system that helps seal in functional gases and create an airtight seal.

- ✓ The standard **Intercept®** spacer system helps keep glass warm and expands and contracts for reduced seal failure.
- ⊕ The **Supercept™** spacer system utilizes a stainless steel alloy that offers increased durability and thermal efficiency.
- ⊕ The non-metallic foam **Super Spacer®** is non-conductive and reduces energy transference and unwanted noise.

DOUBLE-STRENGTH GLASS

Thick, double-strength glass is break resistant and offers increased sound control.*

SAFETY GLASS

Heat-strengthened tempered glass is four times stronger than regular glass and safely breaks into pebbles if broken.

SOUND & SECURITY GLASS

Laminated glass consists of a durable interlayer sealed between two layers of glass that withstands forced entry, greatly reduces unwanted sound and deflects up to 99% of damaging ultraviolet (UV) rays that cause interior fading.

SOUND-ABATEMENT GLASS

If you live in a noisy area, ask about specialty glass designed to reduce unwanted noise infiltration.

TITLE 24

Can be ordered to meet or exceed the California Energy Commission's standards for Title 24 compliance.

ENERGY STAR®

Simonton offers optional glass packages that meet ENERGY STAR requirements for optimal energy performance and comfort in any climate.

DECORATIVE GLASS OPTIONS

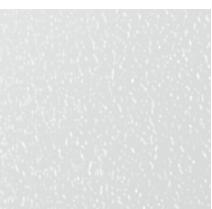

Decorative glass features unique textures that help maximize privacy while allowing in ample natural light. Tinted glass helps control solar heat gain while reducing glare and visibility into your home.

Grille Patterns

Simonton grille profiles and patterns enhance curb appeal and elevate the overall design of your patio doors. From traditional to contemporary home styles, we provide architecturally authentic selections to match any aesthetic. Grille patterns can also be customized to complement any home.

COLONIAL

Iconic style of Colonial, Cape Cod, Farmhouse or Victorian homes in multiple lite patterns.

PERIMETER & DOUBLE PERIMETER

For an open view, these patterns border the patio door in Prairie, Farmhouse and contemporary homes.

PRAIRIE & DOUBLE PRAIRIE

These patterns frame each individual door panel for Prairie, Craftsman, and modern designs.

VICTORIAN

Ideal for Victorian and Queen Anne architecture, also Craftsman and Farmhouse homes.

CUSTOM PATTERN*

Custom grille patterns enhance your home's design and add architectural interest.

NO GRILLE PATTERN

Provides an unobstructed view and works well with all home styles.

Grille Profiles

Grilles are available in various profiles and dimensions and are color-matched to the door's interior and exterior color. Easy-care grilles are located between the panes of glass and never require dusting or cleaning.
